

Court Notice

The Southern District's Ad Hoc Committee on Cell Phones will receive public comment on Wednesday, July 29, 2009, from 4:00 pm to 5:30 pm at the U.S. District Courthouse, 500 Pearl Street, New York, in Room 850, on the question whether cell phones, PDAs, laptops, and other electronic devices should be permitted in the Courthouse; and if so, whether there should be any conditions or restrictions on their use?

The Committee anticipates that representatives of a number of associations will be interested in participating, and it requests that presentations be limited to no more than 10 minutes. Representatives of associations wishing to speak should register with either: The New York City Bar Association, c/o arothstein@nycbar.org ; or the New York County Lawyers' Association, c/o gkanter@fzwz.com; or the Federal Bar Council, c/o jeanette.redmond@federalbarcouncil.com, no later than Wednesday, July 22, 2009. The Ad Hoc Committee will select speakers from the registrants so that it has the benefit of a fair and representative sample of the Bar's opinions on the questions presented.
